6	Repository Management	As Needed	GitHub	Team Members	Share code, review changes, and maintain version control.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Coordinating tasks among team members	Clearly assigned responsibilities and tracked progress through regular discussions.
2	Resolving integration issues between frontend, backend, and machine learning model	Collaborated with team members to identify issues, test the application, and implement fixes.
3	Managing source code versions	Used Git and GitHub for version control, enabling smooth collaboration and conflict resolution.
